

## Directions to Goshen Pond Campground

from the circle/intersection of NJ Rts. 70 and 206 (I believe Vincentown is the official municipality). This approach will be appropriate for most folks.

If you are coming from the south I suggest approaching from 206 south of Atsion Lake as the most reliable route. "Atsion Lake, NJ" mapquests well (Goshen Pond in my search has not...) and then just follow the directions from Atsion Rd. (the 1st left after the lake coming from the south) and go from there.

- Take Rt.206 South for 10.2 mi.
- Turn right onto Atsion Rd. (if you pass Atsion Lake you've gone to far)
- Go 1.4 mi. (you'll be passing the lake and cabins on your left) and turn left at the sign for Goshen Pond campground (you will pass a sign for Atsion Family Campground a bit before this, keep going :-)
- You will now be on a dirt road - go approx. .3 mi. and turn right at the Goshen Pond sign
- Go approx 1/4 mi. and you are now coming into the group camping area - stay to your right and we are up the small hill on your right.
